“Best of British”

HANDCRAFTED IN WILTSHIRE

Welcome to our fantastic Autumn Winter collections

Following the outstanding success of our summer *Polka Dot Collection* we have continued the vintage style and introduced the *Superstars Collection*. This is available in the popular tin, classic glass with box, and the new vintage jar. Topped with our highly scented reed diffuser this Collection promises to steal the show this season!

We are also delighted to launch the new *Bowood Collection* in tins, for something a little romantic in candles.

Affordable Luxury

Our exceptional fragrances are from a leading British perfumer who supplies some of the top candle brands. However, we make all Country Candles ourselves, whereas others contract this out. This enables us to deliver the highest quality product at an affordable price – just right for today's savvy consumer.

Our candles are hand-blended and poured by our candle artisans in small batches in our Devizes factory. We have complete control over the quality of every aspect of our product.

We take inspiration from the beautiful Wiltshire countryside, its quirky towns, villages and beyond to create products that look outstanding, burn for longer, and smell fabulous. They provide many hours of atmosphere when you light them and years of pleasant scent if you don't!

All our products are handmade in the United Kingdom
