## 2012 Collections

# Premium quality. Affordable luxury.

Welcome to Country Candles 2012, where you'll find the best, most affordable scented candle collections – fabulous gifts that are priced right for the times, without compromising on the premium quality for which we're renowned.

## What makes our candles better quality and better value?

Our exceptional fragrances are from a leading British perfumer. We pour and hand-blend all Country Candles in small batches in our own Devizes factory, whereas others contract this out. This enables us to deliver the highest quality product at an affordable price – just right for today's savvy consumer.

## Heritage Collection

Heritage. It's all the rage nowadays – across fashion, the home and the media. The latest collection from the Country Candle Company taps firmly into this trend with a series of eccentric and distinctly British fragrances.

## Heritage Collection

### *Sensibility – as charming as a string of pearls*

Like a string of beautiful pearls this fragrance is as charming with a sophisticated floral elegance opening with fresh bergamot, anise, pink pepper and violet with a classic floral bouquet of jasmine, carnation, gardenia and violet finishing with musk, moss, warm amber and vanilla.

### *Refinement – inspired by luxury travel*

Inspired by luxury travel Refinement is first class, opening with bergamot, orange, galbanum and rockrose. Strong middle notes of jasmine, rose, lavender, patchouli and lily lead into musk, moss, sandalwood and vanilla with highlights of leather.

### *Opulence – whimsical and spicy*

This fanciful, whimsical fragrance captures rich spicy opening notes, mixed with anise and bitter lemon. The jasmine and orange blossom heart is surrounded by patchouli and sage clary with a trail of amber, vanilla and tonka.

### *Elegance – a whiff of Edwardian London*

This fragrance captures Edwardian London. Bright and fruity with opening notes of bergamot, lemon and orange, mixed spearmint, pineapple and a hint of spice. Vintage carnation, rose, jasmine, classic lily and clary sage make up the heart with musk, moss and amber finishing the base.

# The Great British Collection

It's great to be British, with a hint of eccentricity, from the seaside to the rose garden. This brand new collection of patriotic candles (including London just in time for the Diamond Jubilee in June and the Olympics in July and August 2012) will have you waving the flag and singing along to Land of Hope and Glory!
